Agenda and Decisions

1. Amendment to the pension scheme regulations for judges

The Bureau considered a draft resolution, to be submitted to the Assembly, which would amend the pension scheme regulations for judges so as to preclude the possibility of individuals receiving a pension from the Court while serving as a judge at another international tribunal.

2. Judicial vacancy

The Bureau considered a draft resolution, to be submitted to the Assembly, which would amend the procedure for the nomination and election of judges in the event of a judicial vacancy. The amendment would allow the Bureau to fix the date and venue of the election, which should not be later than the 20 weeks after the occurrence of the vacancy, unless the Bureau decides otherwise after consulting the Court.
