Annex II

Explanatory note on one-time payments¹

A. Introduction

1. This explanatory note provides States Parties with further clarifications on the principles for one-time payments, in connexion with the criteria applicable to the agreement on the loan, in view of the proposed extension for States Parties to opt for one-time payments until 31 December 2014. It includes some indicative figures, comparing one-time payments to the participation in the loan repayment over a 30-year period at an interest rate of 2.5 per cent, through annual payments. This is illustrated for each State Party individually in the table included as an annex in the report of the Oversight Committee.²

B. One-time payments: modalities

2. Annex III to resolution ICC-ASP/7/Res.1 provides the criteria applicable to the agreement on the loan and the principles for one-time payments of the assessed share (extract included as appendix I to this note). The following points are aimed at operationalizing these provisions:

(a) The amount of a one-time payment for State Party A can be calculated according to the following formula:

One-time payment A = (building cost)³ x (share of assessed contributions of State Party A) – (Discount 1) – (Discount 2)

Where:

(Discount 1)⁴ = (share of assessed contributions of State Party A) x 17.5% x (building cost)

(Discount 2)⁵ = (share of assessed contributions of State Party A) x (amount of the 17.5% host State subsidy on the difference between maximum loan amount (€200 million) and the building cost.

Explanation: as indicated in resolution ICC-ASP/6/Res.1, the overall construction costs of the project, are to be no more than €190 million. The host State agreed in its original offer to deduct a subsidy of 17.5 per cent of the amount not utilized under the maximum ceiling of the loan facility (€200 million) from the total amount borrowed, i.e. the difference between 200 million and the final drawn amount of the loan. Since one-time payments will directly lower the need to make use of the host State loan, it is reasonable to deduct this percentage from the beginning to the benefit of the contributing States Party. Otherwise, this would have to be done at the time of the adjustment on completion of the project.⁶

(b) One-time payments shall be subject to a final adjustment once the final cost of the project⁷ and the amount drawn on the host State subsidy are known at completion of the project.

¹ This is an update of the explanatory note contained in document ICC-ASP/8/34, annex II, which referred to the Court's original letter, dated 9 April 2009, requesting States Parties to indicate their interest in making one-time payments by 30 June 2009.

² ICC-ASP/11/35, annex I, appendix VIII.

³ Although the current building construction cost estimate is €183.7 million, all calculations, subject to the final adjustment, will continue to be made on the basis of the €190 million approved maximum budget in order to keep consistency with States Parties having selected the one-time payment option at an earlier stage.

⁴ Discount 1 is only applicable to States Parties having opted for one-time payments.

⁵ Discount 2 is applicable to all States Parties, whether or not they make a one-time payment. The only difference is that those making a one-time payment would obtain this discount in advance based on the €190 million estimate (subject to the final adjustment), while others would obtain a reduction in the loan according to their share of assessed contributions at the time of the final adjustment on completion of the project.

⁶ See point (b).

⁷ The final cost of the project is expected to be available by the end of 2015.

Final adjustment of Discounts 1 and 2 on completion of the project:

Should the entire loan of €200 million need to be utilised,⁸ both Discount 1 and Discount 2 would be reduced to zero;

Should the building costs exceed the maximum loan of €200 million,⁹ then Discount 1 would be apply only to the part of the one-time payment that actually reduces the loan below €200 million. Discount 2 would be reduced to zero; and

Should the building costs come under the current €190 million estimate, Discount 2 would be increased for all States Parties to reflect the increased host State subsidy as the result of the increased amount on the unused portion of the loan facility. Discount 1 would remain unchanged in order not to apply the same discount twice to States Parties having opted for one-time payments.

Explanation: a final correction is required to ensure that all States Parties will pay the correct amount. States Parties having already opted for one-time payments or contemplating a one-time payment should be cautioned that, at the completion of the project, additional funds might be required, although all efforts are being undertaken to complete the building on time and within budget, and, in this regard, the current project estimate is €183.7 million. For the purpose of the final adjustment, the scale of assessments at the time the final cost envelope of the project is determined, i.e. the completion of the project (December 2015), will be utilized to make the corrections. The scale of assessment will differ from the original 2009 scale of assessment calculation used for one-time payments,¹⁰ for example, due to changes in the number of States Parties having occurred or occurring between 2009 and the time of the final adjustment. Changes in the scale of assessments after the completion of the project (December 2015) will not be applicable to the calculation of States Parties' assessed contributions to the project.

(c) With the new extension of the deadline, States Parties may opt for the one-time payment option from 1 December 2012 until 31 December 2014 and one-time payments may be made in one or more yearly instalments, between December 2012 and 15 June 2015.

One-time payments should be made in accordance with regulation 5.6 of the Financial Regulations and Rules of the Court. In case of a one-time payment in two or more yearly instalments, all instalments should be made accordingly.

According to the conditions of the host State loan, payment of interests begins as of the time of the first utilization of the loan,¹¹ while repayment of capital and interests will commence after expiration of the existing or future leases of the interim premises.¹²

Accordingly, should any of the instalments of the one-time payment by a State Party be received by the Court after the commencing of the draw down of the host State loan (currently estimated at the end of the second quarter of 2013), that State Party would be liable for the apportioned share of the interest on the host State loan, applicable up to the end of the month in which the one-time payment (instalment) is received.

The calculation mechanism is further detailed in appendix II to this note, which illustrates the different scenarios for States Parties opting for one-time payments or repayment of the loan, in accordance with the recommendation of the Committee on Finance and Budget at its nineteenth session.¹³

⁸ This is highly unlikely in view of the current state of the project.

⁹ This is unlikely since the current project cost estimate is €183.7 million.

¹⁰ Used as the basis of the original calculation for one-time payments (ICC-ASP/8/Res.8) and still used for new one-time payments, for the sake of consistency, subject to the final adjustment.

Estimated interest to be paid during the construction phase (2013-2015)

The total annual interest costs related to the draw down of the host State loan during the construction phase of the project are currently estimated as follows: ¹⁴

2013: € 204,568

2014: € 1,659,706

2015: € 3,627,525

These amounts are only payable by States Parties that have not opted to make a one-time payment or, having done so, have not disbursed all their instalments before the commencing of the draw down on the host State loan (currently estimated at the end of the second quarter of 2013).

States Parties liable for the payment of interest during the construction phase shall be assessed in accordance with the same scale of assessment applying to the Court's regular budget applicable at the time of the assessment, with the necessary corrections in order to exclude States Parties having made their full one-time payments before the draw down on the loan.

Annex II

Criteria applicable to the agreement on the loan

The agreement with the host State regarding its offer to provide a loan for the permanent premises project will stipulate that:

- (a) A loan of up to a maximum of €200 million will be provided to the Court by the host State, to be repaid over a period of 30 years at an interest rate of 2.5 per cent.
- (b) The agreement does not create for the Court any legal obligation to borrow the full amount (i.e. €200 million) from the host State or in any way restrict the Court's discretion in deciding on the amount that is to be borrowed.
- (c) The agreement does not in any way restrict the authority and discretion of the Court to seek funds for the same purposes from any other source if the Court chooses to do so.
- (d) In the event of the €200 million not being fully utilized at the end of the project, the host State will reduce the amount of the loan to be repaid by an amount that corresponds to 17.5 per cent of the non-utilized part of the loan.
- (e) Interest is to be paid annually, as of the first utilization of the host State loan.
- (f) Repayment of the loan, through regular annual instalments, will commence after expiration of the existing or future leases of the interim premises.

¹⁴ These amounts may differ depending on further one-time payments being received as well as any changes in the cash flow of the project.

Stressing the importance of effective and comprehensive cooperation and assistance by States Parties, other States, and international and regional organizations, to enable the Court to fulfil its mandate as set out in the Rome Statute,

11. *Emphasizes* the importance of States Parties enhancing and mainstreaming diplomatic, political and other forms of support for, as well as promoting greater awareness and understanding of the activities of the Court at the international level, and *encourages* States Parties to use their capacity as members of international and regional organizations to that end;

12. *Encourages* States Parties to explore possibilities for facilitating further cooperation and communication between the Court and international and regional organizations, including by securing adequate and clear mandates when the United Nations Security Council refers situations to the Court, ensuring support and cooperation to follow up such referrals, as well as taking into account the Court's mandate in the context of other areas of work of the Security Council, including the drafting of Security Council resolutions on sanctions and relevant thematic debates and resolutions;

13. *Recalls* that the ratification of the Rome Statute must be matched by national implementation of the obligations emanating therefrom, in particular through implementing legislation and, in this regard, *urges* States Parties to the Rome Statute that have not yet done so to adopt such legislative and other measures so as to ensure that they can fully meet their obligations under the Rome Statute;

14. *Acknowledges* efforts by States and by the Court, including through the Legal Tools Project, to facilitate exchange of information and experiences, with a view to raising awareness and facilitating the drafting of national implementing legislation;

ICC-ASP/11/Res.6 Complementarity

The Assembly of States Parties,

Reaffirming its commitment to the Rome Statute of the International Criminal Court and its determination to combat impunity for the most serious crimes of international concern, and *underlining* the importance of the willingness and ability of States to genuinely investigate and prosecute such crimes,

Welcoming the efforts and achievements of the Court in bringing those most responsible for these crimes to justice and *noting* the jurisprudence of the Court on the issue of complementarity,

Recalling the primary responsibility of States to investigate and prosecute the most serious crimes of international concern and that, to this end, appropriate measures need to be adopted at the national level, and international cooperation and judicial assistance need to be strengthened, in order to ensure that national legal systems are capable of genuinely prosecuting such crimes,

Recalling further that the application of articles 17 and 19 of the Rome Statute concerning the admissibility of cases before the Court is a judicial matter to be determined by the judges of the Court,

Recalling further that greater consideration should be given to how the Court will complete its activities in a situation country and that such exit strategies could provide guidance on how a situation country can be assisted in carrying on national proceedings when the Court completes its activities in a given situation,

6. *Stresses* that the proper functioning of the principle of complementarity entails that States incorporate the crimes set out in articles 6, 7 and 8 of the Rome Statute as punishable

offences under their national laws, to establish jurisdiction for these crimes and to ensure effective enforcement of these laws, and *calls on* States to do so;

7. *Welcomes* the report of the Bureau on complementarity and the progress made in implementing the Review Conference resolution on complementarity, and *requests* the Bureau to remain seized of this issue and continue the dialogue with the Court and other stakeholders on complementarity, in accordance with resolution RC/Res.1 and as set out in the report of the Bureau on complementarity: “Taking stock of the principle of complementarity – Bridging the impunity gap”,¹ including with regard to complementarity related capacity-building activities by the international community to assist national jurisdictions, and possible exit-strategies of the Court and related issues;

The Assembly of States Parties,

Reaffirming the importance of the Rome Statute to the victims and affected communities in its determination to put an end to impunity for the perpetrators of the crime of genocide, crimes against humanity and war crimes, thus contributing to their prevention,

Recognizing that victims' rights to equal, expeditious and effective access to justice, protection and support, adequate and prompt reparation for harm suffered, and access to relevant information concerning violations and redress mechanisms are essential components of justice,

4. *Underlines* the urgent need to modify the system for victims to apply to participate in proceedings in light of the existing situation, in order to ensure the sustainability, effectiveness and efficiency of the system, including any necessary amendments to the legal framework, while preserving the rights of victims under the Rome Statute;
5. *Takes note* with appreciation of all efforts to enhance the efficiency and effectiveness of victim participation, including in particular by encouraging a more collective approach and *requests* the Bureau to prepare, in consultation with the Court, any amendments to the legal framework for the implementation of a predominantly collective approach in the system for victims to apply to participate in the proceedings;
6. *Invites* the Bureau to report to the Assembly at its twelfth session on any appropriate measures;
7. *Takes note* of the decision of Trial Chamber I establishing the principles and procedures for reparations in the case against Thomas Lubanga Dyilo,⁴ dated 7 August 2012, *recalls* the need for the Court to ensure that coherent principles relating to reparations continue to be established in accordance with article 75, paragraph 1, of the Rome Statute and *further requests* the Court to report back to the Assembly at its twelfth session;

10. *Encourages* States Parties where crimes under the Court’s jurisdiction have been committed, to act in solidarity with victims by, inter alia, playing an active role in sensitizing communities on the rights of victims in accordance with the Rome Statute in general and victims of sexual violence in particular, speaking against their marginalization and stigmatization, assisting them in their social reintegration process and in their participation in consultations, and combating a culture of impunity for these crimes;

11. *Stresses* that as the freezing and identification of any assets of the convicted person are indispensable for reparations, it is of paramount importance that the Court should seek to take all measures to that end, including effective communication with relevant States so that they are in a position to provide timely and effective assistance pursuant to article 93, paragraph 1 (k), of the Rome Statute;

12. *Recalls* that the declaration of indigence of the accused for the purpose of legal aid bears no relevance to the ability of the convicted person to provide reparations,⁵ which is a matter for judicial decision in each particular case, and further *requests* the Court to review this matter and to report to the Assembly at its twelfth session;

The following **terms of reference** govern the work of the Working Group on Amendments (WGA):

Mandate

1. The WGA considers amendments to the Rome Statute and to the Rules of Procedure and Evidence, with a view to identifying amendments to be forwarded to the Assembly of States Parties (“the Assembly”) for consideration.

Procedural framework

2. Articles 51, 121 and 122 of the Rome Statute determine the procedure to be followed for amendments to the Rome Statute or the Rules of Procedure and Evidence. Nothing in the present terms of reference can take precedence over these or other provisions of the Rome Statute.

3. The WGA is a subsidiary body of the Assembly according to article 112(4) of the Rome Statute. The WGA is governed by the same rules applicable to other subsidiary bodies of the Assembly, as provided for in rule 84 of the Rules of Procedure of the Assembly of States Parties.

4. The WGA may establish sub-groups in order to discuss amendment proposals simultaneously or more in detail.

7. States Parties are encouraged, on a voluntary basis, to bring the text of a proposed amendment to the attention of the WGA before formally submitting it for circulation to all States Parties.

8. The WGA considers with special attention amendment proposals that aim to improve the effective and efficient functioning of the Court.

Report and recommendation to the Assembly

10. Once the WGA determines that it has completed its consideration of a proposal, it formulates a recommendation to the Assembly as to whether to take up a proposal according to article 121(2) of the Rome Statute or as to whether to adopt the proposed amendments according to articles 51(2), 121(3) and 122(2) of the Rome Statute.

11. The WGA reports to the Assembly on the progress of its discussions.
