3 November 2021

(via remote link)

Agenda and decisions

The meeting was chaired by the President of the Assembly, Ms. Silvia Fernández de Gurmendi (Argentina). A Vice-President of the Assembly, Ambassador Robert Rae (Canada), also participated.

1. Review Mechanism- update

Ambassador Paul van den IJssel (Netherlands), a State Party representative on the Review Mechanism, briefed the Bureau on the work of the Review Mechanism, also on behalf of Ambassador Michael Imran Kanu (Sierra Leone), who could not be present.

Since the Ambassadors' briefing to the 6 October meeting of the Bureau, the Review Mechanism had held a number of meetings. It had met with groups of Assembly mandate-holders based in New York and The Hague, between 5 and 15 October, in order to discuss the progress of their respective mandates and any challenges faced. The meetings provided a useful overview of the work of the facilitations and the Review Mechanism's impression was that almost all facilitations were on track as far as the assessment of the recommendations was concerned. No particular challenges had been raised. In response to mandate-holders' query regarding reporting to the Bureau, the Review Mechanism was flexible on whether one or two reports should be submitted and on the dates, given the challenges of time and resources that many delegations faced.

In addition, the Mechanism had held a series of meetings in its role as the platform for discussion of the recommendations for which there was no existing facilitation,¹ which were allocated to the Court and the Assembly.² The Mechanism had decided to start the discussion of unified governance early, given the cross-cutting nature of recommendations 1-13 and their potential implications for other recommendations; the Mechanism expected to complete unified governance in 2022.

The Review Mechanism had submitted its report to the Bureau on its meetings as the platform for discussion, dated 1 November 2021, in accordance with paragraph 7 of the resolution.

The Mechanism expressed appreciation to the Registrar and the Language Services Section for providing interpretation for its meetings as the platform for discussion, which had contributed to

² Recommendation 48 on reinstating the structure of two Deputy Prosecutors; working culture-related recommendations; gender equality; some human resources issues; Secretariat of the Trust Fund for Victims; register of reparations experts; External political measures against the Court (in which was a meeting in which the Assembly President had participated); ASP-Court relations; Communications strategy; Code of judicial ethics and judicial collegiality; and a first meeting on unified governance.

achieving the objective of inclusivity. The meetings had also been held at an hour that allowed the participation of delegation in both New York and The Hague.

In preparation for the Assembly session, the Mechanism would submit the report to the Assembly required by resolution ICC-ASP/19/Res.7³ in sufficient time for States Parties and other stakeholders to be able to consider it in advance of the Assembly session. The Mechanism would also prepare a stand-alone resolution containing both formal and substantive elements and would also keep other Assembly resolutions in view in order to avoid duplication, and intended to liaise closely with the omnibus facilitator.

The members of the Review Mechanism remained available for consultations with Assembly mandate-holders, States, the Court, civil society and all stakeholders.

2. Preparations for the twentieth session of the Assembly

The Secretariat informed the Bureau that the situation in the Netherlands regarding the COVID-19 pandemic was deteriorating and highlighted some of the new host State measures announced on 2 November 2021, including the extended requirement for a valid Dutch COVID-19 entry pass.
