PROFESSIONAL EXPERIENCE: Date, employer, post title, other information (starting with most recent)

- Please indicate the relevance of the experience to the candidacy under list A or list B, as appropriate

March 2018 - to date

- *Employer:* The Congolese State
- *Post title:* Examining magistrate of the Eighth Chamber of the High Court of Brazzaville
- *Other information:* Article 36, paragraph 3(b)(i) of the Rome Statute provides that every candidate on list A shall have established competence in criminal law and procedure, and the necessary relevant experience, whether as a judge or in other similar capacity, in criminal proceedings. The preparatory examination is one phase of criminal trials. I have seven years of criminal trial experience. As a judge and examining magistrate, I deal exclusively with criminal law and procedure. The 2018 statistics show that out of the eleven examining magistrates of the Brazzaville High Court, I issued the most closing orders. The number of decisions I issued demonstrate my competence in this area.

May 2014 - March 2018

- *Employer:* The Congolese State
- *Post title:* Examining magistrate of the Second Chamber of the High Court of Impfondo
- *Other information:* I would add that in addition to the above, during the four years that I spent as an examining magistrate of the High Court of Impfondo, in addition to examining cases, I broadened my experience in criminal trials, criminal law and criminal procedure in other ways: by once again serving the Criminal Division whenever one of the judges was unavailable; as acting public prosecutor, whenever the latter and his deputies were away from the judicial division; and as acting President of the Court, whenever the President was not available. As a result of the criminal cases that I heard and referred to the Court of Appeal of Ouessou, a criminal session was held for the first time in Impfondo in 2018.

June 2013 - May 2014

- *Employer:* The Congolese State
- *Post title:* Judge and children's judge at the Impfondo High Court
- *Other information:* In 2013 I was appointed judge of the Impfondo High Court, by a decree adopted by the High Council of the Judiciary. As a judge, I served the Criminal Division and

in that capacity, I heard criminal cases. Also in 2013, by order of the President of the Court, I was appointed children's judge. In that capacity, I examined cases concerning minors for one year and heard a number of cases alone, in accordance with the code of criminal procedure. The children's judge is the president of the juvenile Court. It was in that capacity that I heard the cases involving minors. Thus, my various functions have enabled me to acquire extensive experience in criminal matters (criminal law, criminal procedure, criminal trials).

OTHER PROFESSIONAL ACTIVITIES:

- Please copy/paste if more entries are needed

October 2005- October 2010

- *Activity:* Teaching: during that period, I taught French, law and so on in private schools. Admittedly, I did not teach criminal law or criminal procedure, but my professional qualities, such as dedication to work, honesty, diligence, and so on earned me such trust among my employers and inspectors that in very little time I was appointed Director of Studies and Member of the Board of Inspection Management of Colleges of General Education in Pointe-Noire 1. In other words, my competence and experience in criminal matters and professionalism, such as dedication to work, honesty, diligence etc. have so far brought good results.

PERSONAL INTERESTS

In December 2001, the last month of my master's degree, three colleagues and I were selected to participate in the May 2002 international criminal law competition in Montreal. To that end, we drafted two submissions (one for the prosecution, and one for the defence). Although the Congolese team was faced with a major obstacle in participating in the competition, I took great interest in the work. Afterwards, my interest in the International Criminal Court grew to the point that I applied several times to participate in the internship programme and more, but in vain. My search for perfection, my desire to shoulder ever greater responsibilities, and my love for rendering justice impartially, expeditiously and with integrity, have led me to apply for a position of judge of the International Criminal Court.

OTHER RELEVANT FACTS

I commit to being fully available to take up full-time service as a judge when the Court's workload so requires.
