

ROME STATUTE AT 20

*Commemoration of the 20th
Anniversary of the Rome Statute*

The Hague, 15-16 February 2018

COALITION
FOR THE **INTERNATIONAL
CRIMINAL COURT**

Launch Forums, 15-16 February 2018

Concept Note

In this anniversary year, the Coalition for the International Criminal Court (Coalition) is dedicated to honoring the groundbreaking achievement that was the adoption of the Rome Statute treaty and the subsequent establishment of the only permanent international court mandated to end impunity for genocide, war crimes, crimes against humanity, and the crime of aggression.

The Coalition is committed to doing all we can to commemorate, celebrate, and honor the government and international organization leaders, and Coalition members who have helped achieve this historic victory for international peace and security since 1995.

The launch of the Coalition's commemoration will take place on 15-16 February 2018 in The Hague, The Netherlands. At the launch, and throughout the year, while celebrating this historic advance in peace, justice, and international law, the Coalition will also take stock of the treaty and the international justice system it created - from its progressive provisions to unexpected lacunae; from its idealistic vision to an increasingly challenging political reality. Crucial to this process of reflection is consideration of the ongoing challenges faced by the Rome Statute system, and how the future of effective, independent, and fair international justice can be assured.

At the launch event in February, we will consider key questions about the history, the evolution, and the future of the treaty, the International Criminal Court (ICC), and international justice: *Was the international community ready for the Statute and the Court? What assessments can be made about the treaty, the Court, and the actions of the states that created the system? What are the main challenges confronting the Court, its Assembly of States Parties, the international community, and civil society in ensuring strong international humanitarian law enforcement and an end to impunity? How do we envision the future of the Rome Statute, the ICC, and international justice during the next 20 years? Do extremism, xenophobia, nativism and rising attacks against multilateralism represent temporary or existential threats to the ICC?*

We are very pleased that many current and former leaders of the Court and of the Rome Statute treaty process have expressed their support and willingness to join in this assessment in The Hague and throughout the year. The launch event will feature contributions from many of the actors and leaders of the Rome Statute process and over the past 20 years: government delegates; leaders from the United Nations and other regional and international organizations, including the European Union; leaders, Judges, and staff of the ICC, the International Court of Justice, the International Criminal Tribunal for the Former Yugoslavia/Mechanism for International Criminal Tribunals, the Special Tribunal for Lebanon, and the Kosovo Specialist Chambers, among others; representatives of The Hague diplomatic community; and members of civil society and the Coalition from around the world.

COMMEMORATION OF THE 20TH ANNIVERSARY OF THE ROME STATUTE

Our goal through these launch forums is to spur a genuine interactive dialogue on these important issues. Each session will be framed by 3-4 contributors, followed by a discussion enabling all who are willing to contribute, with a kind request to limit interventions to 1-3 minutes. Participants are welcome to prepare longer statements for distribution and uploading to the Coalition's website. We are also honored to be able to screen video statements from a number of eminent personalities in the international justice field and to enable contributions from different regions, backgrounds, and legal traditions.

We are confident that these contributions and the discussions at the Coalition's forums, weaved into a narrative tapestry, could augment other anniversary events and actions in support of the Rome Statute system.

We look forward to working with all stakeholders to ensure a future for international justice worthy of the ideals and principles that led to Rome.

Acknowledgements

There is no doubt that the International Criminal Court and the Rome Statute system of international justice would not be where they are today without the dedicated efforts and support of a variety of committed individuals, states, institutions, and organizations from around the world.

The same is true of the Coalition for the International Criminal Court – a network of civil society organizations established in 1995 in the aim of ending impunity for perpetrators of genocide, war crimes, crimes against humanity, and the crime of aggression.

The Coalition is therefore pleased to honor all of those who have contributed to and supported these efforts throughout its 23-year history at these and other commemorative events.

The Launch of the Coalition's Commemoration of the 20th Anniversary of the Rome Statute would not have been possible without the support of the **International Criminal Court** and the **City of The Hague**, and we would like to thank them in particular in this regard.

We also express our gratitude to other donors which have supported the Coalition's work throughout the last 23 years, and those which continue to support our efforts: the **European Union**, the **Planethood Foundation**, **Workable World Trust**, **Anonymous US Foundation**, **Irish Aid**, the governments of **Australia**, **Austria**, **Finland**, **Liechtenstein**, **Norway**, **The Netherlands**, **Switzerland**; the **City of The Hague**, and a number of committed individuals.
