

15th Assembly of States Parties, 16 – 24 November

Segment on “Enhancing the efficiency and effectiveness of the criminal process”

Date: November 22, 2016

Time: 16.30hrs – 18.00hrs

Performance indicators for the International Criminal Court

Following 2015’s plenary session on the ‘efficiency and effectiveness of court proceedings’ in the afternoon of 24 November 2015 (15-18h), it has been considered that a similar segment could be put on the agenda of the 15th Assembly session from 16 to 24 November 2016, with the specific topic of performance indicators for the International Criminal Court.

Therefore we have proposed a panel of 90 minutes. The topic would be the presentation/consideration on the Court’s Second Report on Performance Indicators for the International Criminal Court followed by discussion of performance indicators for international criminal justice mechanisms more generally and taking into consideration also the Court’s Report. We note with thanks the work done by the Study Group on Governance and the Facilitation on Strategic Planning which has inspired the organization of this panel.

The proposed agenda is as follows:

Topic: “Consideration of the Second Report on Performance Indicators for the International Criminal Court and discussion on performance indicators for international criminal justice mechanisms in light of the Court’s Report”

Moderator: Ambassador Maria Teresa Infante, Co-Chair of the Study Group on Governance

Participants:

- Silvia Fernandez de Gurmendi, President, International Criminal Court Presenting Court’s Second Report on Performance Indicators
- Nicolas Guillou, Chef de Cabinet, Special Tribunal for Lebanon Panelist
- Jim Goldston, Executive Director, Open Society Justice Initiative Panelist
- Ambassador Eduardo Rodríguez Veltzé, HWG Facilitator on Strategic Planning Panelist
